## 14 Element Cross Polarized Portable Antenna for 70 cm

The Arrow II line of antennas has been engineered to provide maximum gain and efficiency in the smallest practical size & weight. **ONLY 25 oz.**

Aluminum **Arrow Shafts** are used for elements.

The in-line gamma match is pre-assembled & pre-tuned. BNC connector only.

The boom is  $\frac{3}{4}$ " square (with round corners) and  $37\frac{1}{2}$ " long. Note the big black foam grip for easy holding.

Boom & elements all have plastic tips for safety.

### **Guarantee**

#### **No hassle refund**

If you are not completely satisfied with any ARROW ANTENNA Product it can be returned for a FULL refund less shipping and handling within 90 DAYS of purchase date.

*SIMPLY THE BEST*

### **Model**

#### **437 x 14**

14 Elements for the 70 cm band.

We don't invent antennas.  
We simply build them better.
